A Paul G. Allen Company

to make a difference. Taste of the Nation®, co-presented by American Express and Jenn-Air®, mobilizes thousands of extraordinary supporters, small businesses, restaurants, chefs and restaurateurs in addition to tens of thousands of attendees. The tireless efforts of each enable Share Our Strength to ensure that 100% of ticket proceeds from each event are invested in the communities that need them most.

Thanks to the energetic support of co-presenting sponsors American Express and Jenn Air; and the commitment of SYSCO Corporation; Brown-Forman Beverages Worldwide; illy caffè; Samuel Adams, America's World-Class Beer™ and thousands of local sponsors and volunteers, Share Our Strength's Taste of the Nation has raised over \$55 million, providing support to more than 450 of the most effective organizations working to end hunger and poverty at home and abroad.

Our partners around the country has made an incredible difference in ending hunger. Together we helped build the emergency food bank and food pantries that have meant the difference between life and death in Haiti and Central America. Our past success together is our most ambitious undertaking yet: a new 20-year campaign to end childhood hunger in America. It is an audacious mission to food assistance, community by community, and to ensure access to food where they live, learn, and play.

As millions of Americans still live below the official poverty line and the risk of hunger each year, we know that we still have a long way to go. It will require the continued commitments of all our supporters and the dedication of thousands of new supporters. The strength of the foundation we've built give us confidence that success is within our grasp. One day we will review our actions to end childhood hunger and how that we acted with unflinching urgency, unfettered generosity of spirit. I extend my deepest thanks to those who have made a difference in the lives of hungry children and families in our country and abroad by sharing your strength.
